Thanks, Rachael. Hopefully I just transcribed it wrong and I don't have another case somewhere else scheduled for this Friday.

Hey Sonja – I just checked our computer and we don't have any cases on for August 20th. So you are in the clear here in Pittsfield. Hope this helps!

Subject: trial on August 20th?

Hi Rachael-

OK, so I'm really embarrassed to ask, but I was hoping you could help me with something (or at least know who I should contact about this). On both my Excel spreadsheet and weekly planner I have myself going to Pittsfield for trial on August 20th, but I do not have any more information listed (i.e. ADA, drug lab number, def., etc.). Would it be possible for me to get a listing of what cases are scheduled for that day to see if any look familiar to me? I think there is a chance that I do not have a case that day, but I want to make sure. My best guess is that I started to transcribe the information I had for a case in Pittsfield (scheduled for 7/20/10) on 8/20/10 instead, and then realized that I had the wrong date, but never deleted that entry in the spreadsheet. Thanks for any help you can provide.
